A life-changing injury requires specialist support for the wide range of issues that can arise...

- HOW WILL I PAY THE MORTGAGE?
- IS THERE ANY IMMEDIATE FINANCIAL SUPPORT THAT I CAN ACCESS?
- DO I QUALIFY FOR SICK PAY OR BENEFITS?
- WHERE WILL I LIVE IF I CAN NO LONGER ACCESS MY HOME?
- HOW CAN MY FAMILY MEMBERS ACCESS RELEVANT BANK ACCOUNTS TO PAY BILLS?

Stewarts Law provides a free and comprehensive legal service as part of its commitment to help people with serious injury. Our legal service team can advise entirely free of charge on a wide range of legal issues including:

- WELFARE BENEFITS
- HOUSING
- FINANCIAL ISSUES (INCLUDING DEBT)<sup>1</sup>
- INSURANCE ISSUES
- EMPLOYMENT
- POWERS OF ATTORNEY
- CARE

We have developed The Legal Service to support patients and their families at a time when independent legal support is most needed but often hard to find.

Over the last 10 years we have provided The Legal Service to patients at a number of NHS Trusts including major trauma and rehabilitation hospitals. We have now extended that service to reach patients being treated in any UK trauma or rehabilitation centre.

“The Legal Service has provided invaluable support to my patients, often in very difficult circumstances.”

Dr Eynon, Consultant in Intensive Care,  
University Hospital Southampton

“After Steve’s accident and all the emotion that goes with it, the support of The Legal Service team was very reassuring and supportive. The personal touch and the information given when so many life changing decisions needed to be made was comforting.”

Steve and Elaine Wright

We will provide you with advice without obligation, for however long it takes to resolve the issue. Our support is available regardless of the circumstances of your accident and regardless of whether you have a personal injury claim.

We have expertise in securing funding for rehabilitation both through the compensation claims process and through the NHS. We also have arrangements with private rehabilitation centres to provide instant access to rehabilitation in appropriate cases.

If you do have a personal injury claim, we are happy to help but will always provide you with a list of suitable solicitors and encourage you to interview two or three alternative law firms before choosing a solicitor.

Stewarts Law is recognised as the leading personal injury law firm specialising in spinal and brain injury. Ranked No.1 in both the Legal 500 and Chambers, the two leading guides for the legal profession, for many years.

"The phenomenal Stewarts Law remains the standout firm for claimant personal injury."

Legal 500

"Stewarts Law is regarded as a market leader. It is known for its teamwork and determination on behalf of its clients."
